

Jordan Devaney

Software Engineer

Whitmore Lake, MI | 810.220.9256 | jordandevaney28@gmail.com | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

SUMMARY

I am seeking a software engineering role where I can utilize my passion for creating awesome digital products. Learning new technologies and contributing on a team is a giant driving force in my career endeavors. My biggest core value is growing as a developer.

TECHNICAL SKILLS

Front End: React.js, Next.js, Redux, Hooks, Context API, Jest, Cypress, Yup, Axios, JavaScript, ES6, HTML, CSS, Ant Design

Back End: Node.js, Express, SQL, PostgreSQL, Docker, Python, Git CLI, GitHub, VS Code, Vercel, Heroku, Netlify, AWS, REST API, S3, DynamoDB, REST APIs

Additional: Agile Project Management, Scrum, Algorithms, Architecture, Debugging, Deployment

PROJECTS

Ian's Coffee Shop Admin, *Full Stack Developer* - React / AWS

[GitHub](#) | [Website](#)

- Increased efficiency by developing a coffee ordering system using React, Next, AWS Cognito, Context API, Sass, Reactstrap, Amazon S3 for storage, and DynamoDB as the database
- Saved time by automating the sales process
- Collaborated with the client utilizing Trello to create and fulfill user stories

Budget App, *Full Stack Developer* - React / Node

[GitHub - FE](#) / [GitHub - BE](#) | [Website](#)

- Developed a full-stack application to keep track of personal finances using React, Redux, Axios, Formik, and Sass
- Implemented Axios for external API calls and used Auth0 for authorization and authentication

EXPERIENCE

The Web Accelerator, *Remote - Founder/Web Developer*

January 2022- present

- As a self-motivated founder, I develop intuitive UIs and full stack applications using Javascript, React, and NextJS, to maximize their business potential, focusing on enhancing UX, and delivering high quality products
- Manage projects and task ideas Trello as a collaborative tool to fulfill client user stories

EDUCATION

BloomTech *Graduate of the Full Stack Web Development Program*

September 2019 - January 2021

- Demonstrated self-motivation and excellent time management skills, coupled with a commitment to innovation, ensuring the delivery of high-quality work within deadlines
- Acquired skills in new technologies and problem-solving techniques during the Full Stack Web Development Program at

Western Governors University, *Bachelor of Science in Software Engineering*

September 2022 - July 2023

- I learned computer science fundamentals, information systems, software development with C#, software architecture, engineering principles, and analytical thinking
